Hi Everyone –

I just wanted to follow up on this: our SPII Committee last mtg decided that this was an appropriate path to pursue, but needed to first confirm who was potentially “in” and once we have the final count, can confirm the final number.

Those I have as “interested” in contributing some of their formation fees to the effort are (**NOTE: if just these 7 owners contribute for the 10 cans, it would be \$1624.57 that would be deducted from the reimbursement due at the end of year**):

1. Hearld Examiner
2. LBA
3. Mack Urban
4. YWCA
5. Jade
6. Proper Hotel
7. Forest City

Not interested:

1. Neman Brothers

Not yet spoken to:

2. Wolff Co

Note that if we decide to move forward. We can revisit where we actually put the trash cans if you would prefer them to be closer to your building – these were just the recommended locations.

Finally, this is NOT going to be voted on by the Board as it does not impact the actual BID budget.

Please let me know if you have questions.

Thanks,

Jessica Lall

Subject: SPII Formation Fees / District Garbage Cans

Dear SPII Committee Members –

With 6 months in to the new BID, we hope that you are finding the district much cleaner and safer!

Some of you are aware that the SPII district is in dire need of additional trash cans. Because they are so limited, clean team members are having to spend more time re-visiting picking up garbage when they should be addressing other district issues after their first sweep in the morning. Attached you will find a survey of district cans, proposed locations for additional cans, and the cost of new cans.

Streetplus is recommending the purchase of 10 new cans at \$11,372.40.

At the last SPII committee mtg, we discussed options for funding additional trash cans. Because the budget for SPII is so limited, there are no funds in the budget to allow for trash can purchase.

One of the ideas presented and supported by some of the SPII owners was to allocate some of the formation fee reimbursements to purchasing the trash cans. If you recall, the BID is supposed to reimburse the fees (1/2 a EY 2016 and ½ EY 2017). Below you will see who contributed what amount. If we could divide the cost among the owners, **the total would be roughly \$1500/owners (assuming 8 owners). That amount would be deducted from the total reimbursement.**

The SPII committee is meeting tomorrow morning at 9:30a, and I wanted to gauge interest before to see if this is something folks are generally supportive of? I also apologize for the late notice on this email – I was out extremely sick last week and am behind on a few things. If you have objections/concerns – please let me know – or pls feel free to attend the meeting tomorrow.

Thanks in advance!

Jessica
